

prohibition addresses in that township within the next few days.

#### Play Presented.

A large audience of neighborhood folks saw the play "The Black Shoe-maker," which was presented in the Yorkville school house Friday night by a company of local talent from the Hopewell section. The play was well presented and the audience was well pleased. The Hopewell amateurs have given several presentations of the play and have been well received wherever they have been.

#### Some Good Alfalfa.

People who have been there recently say there are some fine alfalfa patches in the vicinity of Sharon, notable among which are those of Messrs. W. L. Hill, J. P. Blair, W. L. Latham and R. W. Hope. The four gentlemen named have an aggregate of more than twenty acres of alfalfa and have gotten three cuttings this year. The most recent cutting was of little value, however, owing to the drought which prevailed in that section. They expect to get at least two more cuttings this year.

#### Murray-McFarland.

To the surprise of his many friends, Mr. William T. McFarland of the Bethel section, was married to Miss Buena Murray of Rutherford county, Mr. McFarland accompanied by his sister, Miss John W. McFarland of the Clover section, left last Thursday on a visit to relatives in Rutherford county. The marriage occurred the day after his arrival. Mr. and Mrs. McFarland expect to return to the Bethel section in a few days, where they will reside.

#### Fixing Up Road.

Mr. W. C. Robinson who lives on the Pinkney road and who has taken a great interest in the proposition of opening up a road between the Pinkney road and Sharon, said Saturday that the work of grading the road at the Turkey Creek crossing was moving along rapidly. Last week there were about twenty hands working on the road part of the time. It will be remembered that at the last meeting of the county commissioners, the board gave the citizens of that community \$350 with which to improve the road. Citizens in the community have increased this sum by contributions of labor and material. It is likely that some help will be obtained from the York township road fund.

#### Reward for His Care.

Mr. P. D. McCord, a flagman in the employ of the Southern railway who discovered the broken flange on a southern freight train, which was carrying a "story" concerning which was carried in The Enquirer at the time, is the proud possessor of a letter from the Harrisburg, president of the Southern in which the executive warmly commended Mr. McCord not only for the discovery, but for the serious accident was probably averted but on the general interest which he has taken in all affairs of the railroad, and for his observation. The railway president also advanced Mr. McCord 20 points in merit as a reward for his work.

#### Crops Good—Fertilizer Lacking.

In my opinion the fertilizer companies are going to have a hard time explaining the reason why," observed Mr. John T. Roddey of Rock Hill the other day. Mr. Roddey, late of the County, said that the conversation had run to a discussion of crop conditions around Rock Hill and most especially in the "Black Jack" section and Mr. Roddey stated that although the use of fertilizers in that section had been reduced 60 per cent since the last year, this year he did not buy a single ton of the stuff. "Last year," he said, "I had about 250 acres planted in cotton. This year I planted no cotton but planted all my cultivated land in foodstuffs."

#### Filbert Warehouse a Certainty.

Work on the warehouse at Filbert which will be incorporated under the name of the Filbert Warehouse, began this week—in fact part of the lumber for the structure has already been cut. It was at first intended to erect the warehouse on the lot belonging to the C. & N. W. railway. The terms by which the railroad company was to let the lot did not suit the promoters of the warehouse and for that reason a site a short distance below the Filbert depot was selected. The exact prospect of the warehouse is not yet known, but it is estimated at about \$700. It is proposed to erect the warehouse with a large stock in the venture propose to pay for the same in work. The trustees of the Filbert State Warehouse company are Messrs. A. J. Farwell, W. E. Keller and W. L. Pursley.

#### Hope-Sandifer.

Mullins special of Aug. 14, to the News and Courier. The marriage of Miss Amelia Sandifer, daughter of Mr. G. Sandifer, on Wednesday evening, August 11, at 8 o'clock, in the Presbyterian church, was the greatest event of the mid-summer season. Miss Hope came to Mullins about three years ago, when her father, Rev. S. R. Hope, took charge of the church here, and during this short period she has won the love and admiration of a host of friends, many of whom gathered in the beautifully decorated auditorium to witness her marriage vows. Miss Mary Reeves sang "O Promise Me," and "Shubert's Serenade," in her sweet, clear voice, to which so many have listened, before the signal was given when the appointed hour had approached, and the plaintive note of "Mendelssohn's" "Wedding March" for the bride march to begin. Dr. P. L. Martin and the C. S. McCull led the way down the east aisle. Miss Mary Reeves, Mr. Weldon Anderson of Lowryville, and Mr. A. L. Hardee of Florence, Miss Alice Hope of Yorkville, and Miss Eva May Powell of Rock Hill, Mr. Edward Perry of Charleston, and S. R. Latham of Chester; Miss Ruby Hope of Chester, Mr. and Mrs. Margaret Martin of Chester, Mr. Edward Hope of Yorkville, and Mr. L. M. Williams of Yorkville. The bridegroom was dressed in a white crepe de chine, draped in white chiffon and carrying a gilded basket of flowers, asters, ferns and white roses. The bride wore a white dress, with a white veil, and carried a gilded basket of flowers, white roses, and white lilies. The bride's hair was styled in a high, wavy, and enhanced in her wedding robe of an exquisite creation of white crepe de chine, trimmed in pearls, with court train, and veil caught up with orange blossoms, was never more beautiful as when she came in on the arm of her father, who gave her away to the groom, as he met them at the altar, attended by Dr. J. Sam Guy, of Deeter, Ga. The party formed in the front of the church, and the bride, with the strains of Lohengrin's merry march, Mrs. E. G. Carmichael presided at the organ. The young couple were then taken to the altar, where they were joined by the Rev. W. E. Keller and W. L. Pursley.

MILL FEED, RICE BRAN—

We always have on hand a supply of Mill Feed, Rice Bran, Horse Feed and Poultry Feed. Let us supply you.

FLOUR—

We believe that we have the BEST FLOUR ever sold on this market. It is certainly the BEST we have ever handled, when we were in results have justified that belief. We believed that there were enough far-sighted farmers in York county to appreciate the fact that RIGHT NOW is the best time to turn old mules into young mules, instead of waiting until next spring, because every indication is that Young Mules—Good Mules—the kind we ship—are going to be higher next spring than ever before, and the far-sighted farmer has taken advantage of this shipment and exchanged his older mules for younger stock at a time when the Best possible prices were to be had.

A number have done this. We still have a choice selection of Young Mules on our farm. If you have any Mules you have ever undertaken and see us NOW. Do it TODAY.

LIFE

IT CAN BE A SUCCESS OR A FAILURE. WHICH WILL IT BE WITH YOU? ? ? ? ?

Look at the men who are successful in the eyes of the world. Ninety-nine out of every hundred started a Bank account when they were young—and stuck to it.

And now, look at the failures. Very few of them have a Bank account now. Not speaking of when they were young.

Perhaps you think you have not enough money to start a Bank account. Have you a dollar? That's all it takes at THIS BANK.

Just try it for a year or six months. If you do not wish to continue it you have lost nothing by the trial.

Which Will It Be—Success or Failure? IT'S UP TO YOU.
